## Half day tour Villa dei Vescovi

What makes Euganean Hills unique is the remarkable richness, quality and quantity, of human history: villas, castles, monasteries, to which should be added churches, archaeological excavations and rural houses. Villa dei Vescovi has been restored by the FAI - Italian Environment Fund in 2011. The villa shows how the noble residences in the area were not only focused on the property's organization but also want a symbolic representation of their wealth and power : the location on a small hill allows the building to emerge from the landscape. Note the visual effect desired by the customer, characteristic of all the Venetian villas: they intend to establish a link between the villa and the vineyard. We take a good glass of euganean wine and immersed in pure nature and art, we go on dreaming.

Cost: € 38 per person for min. 4 participants, wine tasting €15; € 60,00 per person for min. 2 people, wine tasting €15. Included guide and transfer.

## Verona walking tour

On our Verona Private Walking Tour you will truly understand why the city with its history and beautiful buildings is on the UNESCO World Heritage since 2000. Verona is the center of the world's famous love drama Romeo and Juliette.

We start the Verona Private Walking Tour from one of Verona's landmarks, the Arena in the Bra Square. This ancient Roman amphitheatre is one of best preserved in the world. It dates back to 30 AD and is still in use for cultural events to this day!

We arrive at Piazza delle Erbe (Square of Herbs) which used to be the heart of the ancient Roman city. This old market of Verona has inspired famous Veronese artists. Around the corner from this dazzling square we will find the house of one of Verona's most famous lovers, Shakespeare's Juliet. The courtyard from where you can see the famous (and infamous) balcony breathes love and has evidence of it, literally, all over the walls. The house is where the tragic drama Romeo and Juliet took place.
