

Dear Team Golf Contestants,

Registering a team is as easy as registering a single player. Everything is done within your USKG Club account. After login, please follow these steps:

- Select Team Registrations.
- One player will register and pay the entry fee for the event. This user will be designated as the Team Captain.
- The Team Captain will receive a “Team Link” in a confirmation email that he/she may share with a desired team member.
- Once a team member clicks on the “Team Link” they will be prompted to “Join a Team” and follow the steps to complete the registration.
- Partners must be from the same age group.

The link for joining a team is also available to the “Team Captain” under Team Registrations within your USKG Club account. From there you will simply send the link to your desired partner, they will be prompted to join the team when they select the link.

Date	Event	Fees	[Redacted]
